Our Promise to Every Family That We Are Honored to Serve

One of the most important responsibilities that we have to each family we serve is to bring your emotional and financial needs together, whatever your circumstances may be.

As part of our consultation with your family, we will discuss the different options we offer to help you with your funeral expenses. Our goal is to insure that the services and merchandise you choose will fit into your financial circumstances.

Payment arrangements must be discussed and made during the final arrangement conference. Payment for all services, merchandise, and cash advances are due in full prior to the day that the services are rendered.

ACCEPTABLE METHODS OF PAYMENT ARE AS FOLLOWS

- Option 1: Cash or Check
- Option 2: Master Card, Visa, AMEX or Discover
- Option 3: Funded Final Expense Insurance Plan
- Option 4: Life Insurance Assignment (See Below)

Life insurance policies are funded and advanced through EXPRESS FUNERAL FUNDING LLC. In most cases, this can allow the funeral home and the beneficiary to receive insurance proceeds within 48 hours from completion of the claim, subject to approval. The assignment fee is 5 % added to the total assigned amount of the funeral contract, with a \$150 minimum. The process requires the following: The Original insurance policy, Verification of the Beneficiary, Verification that the Policy is in Force, Verification that the Policy is not Contestable, Verification that the Policy is Assignable to the Funeral Home, Verification that there are enough Funds to cover the Funeral Expenses. If the certified death certificate is delayed for any reason, other payment options must be in place. Your funeral director will discuss this in details with you.

ESTATE PAYMENT POLICY

It is NOT the policy of the funeral home to accept payment for funeral expenses from the settlement of an estate.

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

This list does not include prices for certain items that you may ask us to purchase for you, such as cemetery charges, flowers, and newspaper notices. The prices for those items will be shown on your bill or the statement describing the funeral goods and services you selected. We charge for our services in purchasing certain items on your behalf.

It includes the services of our personnel, the arrangement conference, a proportionate share of our overhead, clerical and administrative services, obtaining necessary authorizations and permits, consultation with the clergy, cemetery, crematory, or other third parties, assistance with insurance, planning the funeral or memorial service and placement of obituary notices. (This fee is already included in our charges for direct cremations, immediate burials and forwarding or receiving remains.)

Embalming

Embalming is a chemical process which provides temporary preservation of the body and eliminates certain health hazards. A person licensed by this state must perform the procedure. Except in certain cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

These prices are effective of January 1, 2018, but are subject to change without notice.

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave.
