**Thank You** for choosing the **Cremation Society of Georgia, Inc.** For Over 40 years our family has provided the highest quality of cremation service to the Atlanta area. We feel it is of the utmost importance that our families be well informed. Therefore we are providing you with this complete listing of all prices and professional services we offer. Should you have any questions about our General Price List, please do not hesitate to direct them to any of our staff members.

**Statement of Funeral Goods and Services**

The goods and services shown below are those we can provide to our families. You may choose only the items you desire. However, any funeral arrangement you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

**Minimum services of the funeral director and staff: .....\$855.00**

Our fee for the services of the funeral director and staff includes, but is not limited to, personnel available 24 hours a day, 365 days a year to respond to the initial request for service; arrangement conference with the family or responsible party; arrangement of the funeral; preparation and filing of necessary authorizations and permits; recording vital statistics; preparation and placement of obituary notices; staff assistance prior to, during and following the funeral, including coordination with those providing other portions of the funeral, e.g. cemetery, crematory and others. Also included in these charges are overhead expenses relative to our facility such as insurance, maintenance and utility expenses, secretarial and administrative costs, and equipment and inventory costs.

This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.)

**Embalming: .....\$795.00**

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

**Cremation: ..... \$395.00**

Our crematory does require the use of a cremation container to hold the body for its movement into the retort. You can provide one or select one from our offerings. The cremation casket or container that has been selected by the family is placed in to the care of our crematory. Once placed into the cremation chamber, intense heat reduces the cremation casket or container and all contents into small fragments. These cremated remains are then placed in a processor and mechanically reduced in size. The cremated remains are placed into an urn or container that has been selected by the family. Disposition then can be completed according to the family's wishes.

# Why more people are choosing Cremation Society of Georgia

## Not all cremation providers are the same.

If you are like most people, you may be unfamiliar with how cremation pricing works. Some may wonder whether one provider is really offering the same thing as another provider.

Many companies advertise low prices to get you to contact them, or give incomplete pricing on the phone, and then can charge add-on fees after you have already made important decisions.

**Cremation Society of Georgia** has one simple price that includes everything you need with no hidden charges. We can even facilitate paperwork by fax and email to make the process easier for you.

Unlike other firms who may outsource the cremation process to a third party, we own and operate our own crematory. Your loved one is always in our care. Every person is properly identified and cross checked with official paperwork during every step of the process. We also assign every person in our care a numbered cremation disc that remains present for every step of the cremation process. It is included with the ashes in the urn we provide.

We have been Georgia's cremation specialists since 1982. At **Cremation Society of Georgia**, lesser cost does not mean you receive less care. From the moment you call us, until every last detail has been taken care of, you will be working with a licensed professional and other caring staff members of **Cremation Society of Georgia**.
