Since the founding of J.C. Harwell and Son in 1893, the policy to provide full information to the public about funeral arrangements has always been our policy. We realize that different individuals will have different attitudes toward funeral services; therefore, families will discover our itemized funeral charges to be helpful and informative whether considering pre-need or at-need arrangements.

GENERAL PRICE LIST

The goods and services shown in this pricelist are those we can provide to our customers. You may choose only the items you desire, however, any funeral arrangements you select will include a charge for our services. If legal or other requirements mean you must buy any items you did not specifically ask for, we would explain the reason in writing on the statement we provide describing the funeral goods and services you selected. This price list does not include prices for certain items you may ask us to buy for you such as cemetery or crematory services, flowers, and newspaper notices. The prices for those items will be shown on your bill or the statement describing the funeral goods and services you selected.

Payment Options

For the convenience of the families we serve, we offer the following payment options for the services and merchandise that we are requested to provide: cash, personal checks, credit cards and/or insurance assignments.

Insurance assignments are subject to verification by the insurance company and if verified may be eligible for an early payment program, this program will be explained by your funeral director. Insurance assignments will be accepted as partial or full payment of the funeral bill. A processing fee of \$250.00 may be charged. As a matter of sound business practice, the family may receive a statement from the funeral home until the assigned insurance claim has been paid. NO INTEREST is charged on insurance assignments however, interest will appear on the statement and will be removed from the balance when the insurance assignment is paid in a timely manner. There will be a \$250.00 charge applied to the Statement of Goods and Services for the processing of insurance policies.

When insurance assignments apply toward the funeral bill, an individual must sign the funeral contract accepting responsibility of the total bill in the event that the assigned insurance is not valid. After the 30-day grace period, we will charge a finance charge of 1.5% per month (annual percentage rate being 18%) on any balance remaining after 30 days. In cases where the deceased's estate must stand the burden of paying funeral expenses, we ask that a member of the family pay funeral expenses by one of the payment methods listed above and file their claim for reimbursement with the decedent's estate. In cases where third party casket purchases are made, all services of funeral home and staff must be paid prior to service.

These prices are effective as of **February 1, 2021** but are subject to change without notice.
