**Effective November 13, 2018**

## General Price List Effective November 13, 2018

(Prices Subject to Change Without Notice)

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services.

### **Basic services of the funeral director and staff** \$3,165

Our charge includes: funeral counseling, necessary arrangements, recording vital statistics, securing permits, filing and obtaining death certificates and other forms and claims, preparation of necessary notices, and coordination of service plans with parties involved in the final disposition of the deceased. This charge also includes the cost of our building facilities that are not a part of visitation or funeral ceremony, but necessary for the conduct of business such as administrative offices, restrooms, garage, and storage of equipment, parking facilities and others. This charge also includes property taxes and insurance, utilities and telephones, legal and accounting fees, furniture, fixtures, and inventory cost as well as other administrative expenses. And of course, it covers the expense of being available twenty-four hours a day, seven days a week. The fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.

### **Embalming** \$1,275

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

Embalming is a chemical process that provides temporary preservation of the body and eliminates certain health hazards. Sanitary preparation of the deceased is part of the embalming process. This procedure must be completed by a funeral professional licensed by this state.

### **Additional preparations**

### **Disclaimer of warranties**

The funeral home makes no representations or warranties regarding caskets, outer burial containers, or other merchandise sold by the funeral home. The only warranties, express or implies, granted in connection with the merchandise sold by the funeral home are written warranties, if any, extended by the manufacturer thereof. No other warranties, including, but not limited to the implied warranties of merchantability and fitness for a particular purpose, are extended by the funeral home.

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or burial vault will satisfy these requirements.
